Sir:

RESUBMISSION OF FORMAL DOCUMENTS DUE TO ERROR BY USPTO

In reviewing the above referenced Application after filing, Applicant notes that a USPTO error appears to have occurred after the documents were transmitted behind the USPTO firewall. The "pdf" images of the documents appear completely blacked out. (Applicant notes that at the time of filing no error notices were received and that documents were properly filed in accordance with the PTO requirements for online filing.)

Pursuant to the undersigned's paralegal's conversation with an EBC representative of earlier today, this is a problem that has occurred in the past and the EBC has the ability to view the documents as actually filed. For the convenience of the USPTO, Applicant is herewith resubmitting the formal documents listed below as they were filed on September 15, 2006.

The documents are as follows:

- 1) Certificate Under 37 C.F.R. 3.73(b) with copy of Assignment;
- 2) Power of Attorney; and
- 3) Combined Oath & Declaration in Support of Patent Application.

Although no fee is believed due, the Commissioner is hereby authorized to charge any additional fees or underpayment of fees under 37 CFR 1.16 and 1.17 or credit any overpayment to **Deposit Account No. 50-1287**. (Should Deposit Account No. 50-01287 be deficient, please charge any further deficiencies to Deposit Account No. 10-0220).

Respectfully submitted,
